DAGUERREOTYPE GOODS ONLY.

THE attention of Daguerreotypists and the trade is respectfully invited to my assortment, which I believe to be unequalled in extent and variety.

PLATES.—I have for sale all the varieties following: the celebrated Crescent brand, the Star brand, the Phoenix brand, the new French galvanized plate, and the Scovill plate, Nos. 1 and 2.

CASES.—My cases are exclusively of my own manufacture, and embrace a variety of new and beautiful styles of embossing, while great attention is paid to making them a good article. My prices for the various styles will be found to be very low; but I look for a reputation more from their *quality* than from their low price, being convinced from former experience as a practical operator, that nothing in the Daguerreian business is truly cheap but what is good. Among my assortment is comprised every style, book form, inlaid with pearl, Turkey morocco, or otherwise.

A NEW & VALUABLE DRY QUICK STUFF.

Anthony's Permanent ANHYDROUS SENSITIVE. This chemical produces a strong, bold picture, with great clearness in tone, the whites being pearly, and the blacks very lustrous. It has a superiority over any other from the fact of its never flashing, and is more economical from its being more durable in its strength.

It is in constant use by Mr. Gurney, whose pictures have obtained so great celebrity, and he has had the kindness to furnish me with the following certificate of its excellence.

"I have tried Mr. Anthony's Dry Quick, and have been for some time using it constantly. I find it to be very rapid in its operation, producing a strong and brilliant picture. It is also very permanent in its strength, so that great dependence can be placed upon its uniformity, a point, very desirable to every operator.

"J. GURNEY,
