Daily Evening Transcript (Boston) (18 September 1848): 2.

ANOTHER DAGUERREOTYPE CARD CHEAT. On Tuesday last a countryman, named Benjamin B. Brown, bought two pair of boots from a pedlar in this city for \$4, and gave him a \$20 bill, receiving back for change what he supposed to be a \$10 bill, and \$6 in small bills. When he reached home he found his ten spot to be one of Chase’s business cards, in the similitude of a \$10 bank bill. The principal lettering is—Chase’s Daguerrian Bank.” It has two large X’s, and the word “TEN” large on the margin. [Post.

THE NECESSARY DISCLAIMERS:

The document creator has made every effort to insure the accuracy of the transcription. However, the information provided in this document is provided without warranty, either express or implied. The document creator will not be liable for any damages caused or alleged to be caused directly, indirectly, incidentally, or consequentially by the information provided by this text.

The document creator assumes no responsibility for accuracy of fact; the text is prepared “as found.” Factual inaccuracies of the original text are generally **not** noted by the document creator. If this text is used in academic papers, accuracy should be confirmed by consulting original sources.

The document creator also assumes no responsibility regarding the correctness, suitability, or safety of any chemical or photographic processes that may be described by this text. Many of the chemicals used in early photographic processes are extremely toxic and should not be handled without a *thorough* knowledge of safe use.

The opinions expressed in this text are solely those of the original author and are not necessarily those of the Archive editor. Some texts may contain derogatory words. Any such word is certainly one that would not be used today. The words remain in the transcription, however, to maintain truthfulness to the original text.
